Hand in Hand Together We Grow!

The End of the Year is Upon Us

**March, April, May
2020**

Wow, this year has flown by. Now we find ourselves at the last three months on kindergarten. And my how your children have grown.

Our March theme will be Mixed Science. We will take a look and discuss different science concepts like magnets, electricity and matter. We'll also throw in some St. Patrick's day fun.

In April we will discuss spring and all the changes taking place in our environment. We will

start spending time outside observing our spring environment (as weather permits). We will also have Easter activities.

In May, we will continue our spring unit by adding discussions about insects. What are they and why are they here? What do they do for our environment?

LARGE MOTOR ACTIVITIES

If your child wears rain boots to school, please remember to send their gym shoes in their backpack for large motor class. Children without proper footwear will not be permitted to participate without gym shoes.

MUDDY SPRING

As spring begins to bring rain and mud, please make sure your students shoes are clean and not muddy. Thank You for your cooperation!

Thank You

We just wanted to thank all of you for taking part in this years Kindergarten Enrichment Klub at the Lemont Park District Preschool Academy. We hope your students have enjoyed the class as much as we have enjoyed teaching it. It has been a pleasure getting to know all the children and watching them grow and mature as

young students. We feel confident that each of them are ready to take on new adventures as they move to first grade. Thank you for being so understanding with our teacher transitions.. Have a safe and relaxing summer and good luck next school year,

Mrs. Chris, Mrs. Lynn, Mrs. Dottie,
Mrs. Laura, Mrs. Nancy
