

August 14, 2020

Dear Q-man Community,

After careful consideration, it has been deemed in best interest and safety of everyone involved, that the 2020 Quarryman Challenge 5K & 10-Mile Race be cancelled due to the COVID-19 Pandemic. This decision does not come lightly; however, it is necessary during these uncertain times.

The camaraderie and the challenge of this unique event, a beloved local tradition, will surely be missed. But we look forward to seeing everyone next year! Please note, all currently registered runners, volunteers and all sponsors will be transferred to the 2021 Quarryman Challenge scheduled for Saturday, May 8, 2021. Information for the 2021 race will be made available as soon as possible.

Special THANKS to all our sponsors and volunteers. This race is only made possible by your support and dedication. You are so much appreciated!

In lieu of this year's race, the Lemont Park District will be hosting a Virtual 5K Series planned to take place in October, November and December. One of the three races will hopefully include the Quarryman Challenge 5K course! Stay tuned for more information at www.lemontparkdistrict.org.

We thank you for your support and understanding!

Stay safe,

The Quarryman Race Team
