

March 29, 2021

Dear CORE Members,

We have been informed that there has been an exposure of risk to COVID-19 for those whom attended Group Exercise classes between March 22-27 in Studio A, C and Court 1. All those whom we believe had close contact with this person have been notified.

While we have modified all of our activities to include physical distancing, extensive cleaning protocols, and the use of face masks throughout our facilities unless participating in cardio activities, it is possible that those whom attended Group Exercise classes in the areas and timeframe listed above were potentially exposed to COVID-19.

Since the reopening of The CORE in July of 2020, the District has implemented all state and federal safety guidelines to ensure the safest environment possible for staff, members and guests. And our commitment to safety remains the utmost priority.

The State of Illinois currently remains in Phase 4 – Revitalization – of the “Restore Illinois” plan. Details of the Restore Illinois plan can be found on the Illinois Department of Public Health (IDPH) website at www.dph.illinois.gov.

Thanks as always for your continued support!

Sincerely,

The Lemont Park District Staff
