

June 10, 2021

Dear Lemont Park District Community,

We are pleased to announce that on Friday, June 11, 2021, the state of Illinois will advance into Phase 5 – ILLINOIS RESTORED – of the Restore Illinois Plan. Details of this plan can be found on the Illinois Department of Public Health (IDPH) website at [www.dph.illinois.gov](http://www.dph.illinois.gov). Here is some information regarding how Phase 5 guidelines will affect Lemont Park District operations:

- **Be the Sunshine Behind the Mask!** – Members, guests, and employees who are fully vaccinated may enter District facilities and participate in District activities without wearing a face covering. Proof of vaccination is not required or monitored, but we ask for everyone’s cooperation with this revised policy. Children aged 2-11 years old, are still required to wear face coverings indoors and outdoors unless social distanced. Instructors, coaches and staff directly overseeing and working with Children aged 2-11 years old, should wear face coverings whether vaccinated or not, when with the participants unless outdoors and social distanced.
- **The CORE** – With the capacity restrictions lifted, we will be opening more of the equipment for use. Please remember to continue to sanitize all equipment after each use. Water fountains will remain off with water bottle filling stations turned on. At this time, towel service will not be back. And Reservations for Group Exercise classes are still required.
- **Aquatics!** – Beginning Monday, June 14<sup>th</sup> RESERVATIONS ARE NO LONGER REQUIRED for entrance into the Centennial Outdoor Aquatic Center OR for Lap Swim (BOTH outdoors OR indoors)! Please note, reservations are still required for Aqua Aerobics classes.
- **Special Events** – As there are no longer any capacity restrictions in place, we ask that you always be mindful of your proximity to others, even if you are fully vaccinated, as some people may be testing out their comfort level with large crowds. We ask that everyone be respectful of each other’s journey to getting back to “normal”.
- **Youth and Adult Programming** – At this time there are no further restrictions for most programs. Day Camp will continue to follow its current guidelines set forth by DCFS and ISBE. Preschool information will come out as we get information from the state.

Thanks as always for your continued support and adherence to all safety guidelines as we continue to “Be Safe Together!”

Sincerely,

The Lemont Park District Staff
