

June 8, 2021

Dear Lemont Park District Community,

As of Friday, June 11, 2021, the state of Illinois is due to advance to Phase 5 in the Restore Illinois Plan! What this means for District operations are going "back to a NEW normal!"

The CDC and Illinois Department of Public Health still recommend social distancing where possible and keeping good hygiene – i.e., hand washing, etc. as preventative measures for spreading viruses. If you are fully vaccinated for the COVID-19 virus you do not need to wear a face covering unless you are within 6 ft. of children 11 and under as they cannot be vaccinated. If you are not vaccinated, you should still wear a face covering. We recommend everyone keeping one on hand.

Updated Phase 5 operational measures will be forthcoming including information regarding outdoor pool reservations. Please stay tuned and thank you for your continued patience!

Please remember:

- To wash your hands whenever possible. Use hand sanitizer if washing your hands is not possible.
- To be mindful of your proximity to others at all times even if you are fully vaccinated.
- To keep a face covering available for use just in case you need one.

Thank you for helping keep everyone safe and healthy!

Sincerely,

The Lemont Park District Staff
