DISTRICT

Growing Your Park District Status

October 2022

The NEW Kettering Park is open and ready for play! Additional plantings and landscaping will be completed when the weather is suitable. The NEW Kettering Park features a state-of-the-art playground; various shading and seating elements; a solar charging station; vast open space; and off-street parking spaces. A ribbon cutting was held on Monday, October 3rd for the neighborhood to enjoy.

The NEW Briarcliffe Park is open and ready for play. The new park features a synthetic turf surface and new and fun play equipment for everyone. This new state-of-the-art playground is also fully ADA Accessible. A ribbon cutting was held on Monday, October 3rd for the neighborhood to enjoy.

Growing Your Park District Status

The CORE Train Station, Outdoor Fitness Court is coming to Downtown Lemont this Fall!

The CORE Train Station ground breaking has taken place and the NEW CORE Train Station is being currently constructed in Downtown Lemont off of Front Street, across from the Front Street Lofts. The location and public area has been provided by the Illinois Department of Transportation (IDOT). Through collaborative efforts, the Village of Lemont assisted with construction and installation costs. Additionally, the Lemont Park Foundation supported this endeavor with a \$10,000 donation that has been used for customization and landscaping. In addition to individual workouts, the Lemont Park District is looking forward to offering a variety of fitness classes and training programs at Lemont's new, premium Fitness Court! The Lemont Park District was awarded \$25,000 in 2020 as part of the National Fitness Campaign's (NFC) 2020 Healthy Cities Campaign annual grant program. We are planning a formal opening and ribbon cutting in November for the community, weather permitting.
