1. Picnics: General picnicking in Lemont Park District parks does not require a permit. No person shall picnic other than in a designated area. Individual grills and picnic tables are available to non-permit picnickers on a first come/first-served basis. A permit, known as a Park Use Permit must be obtained for groups of ten (10) or more persons.

b. That the proposed activity and use will not interfere with or detract from the promotion of public health.

c. That the proposed activity or use is not anticipated to incite violence, crime or disorderly conduct.

d. That the proposed activity will not entail unusual, extraordinary or burdensome expense or police operation by the Park District or expose it to unusual or extreme liability

e. If an applicant is requesting to sell food at the proposed activity, it will be necessary to obtain a permit from the Cook County Health Department and/or Village of Lemont.

3. Issuance of a Permit: Once the Park District approves a permit the applicant must pay all necessary fees and charges before the permit is issued. A permit is not transferable from the applicant to any other person without the permission of the Park District. The permit holder must make the permit available for inspection by any law enforcement officer or Park District employees on the date for which the permit or activity is being held to ascertain whether the conditions of the permit are being adhered to.

4. Effect of Permits: A permittee agrees to be bound by all park rules, regulations and applicable ordinances which are incorporated by reference into each permit, and all federal, state, county and local laws.

5. Liability of Permittee: The person or persons to whom a permit is issued shall be liable for any loss, damage or injury sustained by any person or reserving group whatever by reason of the negligence of the person or persons to whom such permit shall have been issued.

Additionally, the District may request that the Person be required to provide community service, in addition to, or in lieu of, financial restitution.

Chapter 9. Appendix

The following appendices are Park District policies and procedures that shall be treated as a part of the General Use Ordinance.

Sec. 9.1 Lemont Park District Behavior Code of Conduct

Lemont Park District Behavior Policy for Participants, Parents, Guardians and Spectators

Participants/parents/guardians/spectators shall exhibit appropriate behavior at all times. The Park District developed the following guidelines to help make programs safe and enjoyable for all participants. The Park District may develop additional rules for particular programs and athletic leagues as deemed necessary by staff.

Participants/parents/guardians/spectators shall:

- Show respect to all participants, staff, referees, volunteers and spectators; and take direction from staff.
- Refrain from using abusive or foul language.
- Refrain from threatening or causing bodily harm to self, other participants, spectators, referees and staff.
- Respect all equipment, supplies, and facilities.
- Not possess any weapons.

Staff will use a positive approach regarding discipline. Staff will periodically review rules with participants during the program session. If inappropriate behavior occurs, prompt resolution will be sought, specific to each individual's situation. The Agency reserves the right to dismiss a participant from a program or a parent/guardian/spectator from a program area whose behavior is inappropriate or endangers the safety of himself/herself or others.

PROCEDURES FOR PARTICIPANT BEHAVIOR

Upon registration or entry into the program, the parent/guardian should be solicited for any information regarding special accommodations needed for the participant. If any of these special accommodations are behavior related, the parent/guardian should be contacted for information about any behavior modification programs in place at school or home. Attempts should be made to utilize these in the program. Also, the inclusion coordinator from the Special Recreation Association (SRA) should be contacted for guidance. Documentation should be maintained regarding any problem behaviors, special accommodations, and behavior modification programs.

If the participant exhibits inappropriate actions, the following guidelines should be followed:

1. Program leaders should determine the severity of the action and immediately take steps to correct it. These may include but are not limited to:
 - A verbal warning.
 - A supervised time-out from the program. (Most experts agree that a minute a year is a good rule of thumb for time-outs). The type of time-out may vary according

to the situation (observational: from sidelines of activity; exclusion: away from the group but within view of the activity; seclusion: time-out area with staff member present away from view of the activity). If physical restraint is used to protect against injury, the time-out should be documented on a conduct report. Any conduct report made should be given to the full-time supervisor.

- A suspension from the program for a designated time period. When determining the timeframes of suspension, the full-time program supervisor should consider the severity of the actions; the length of the program or activity; any past behavior issues with the individual; and willingness to improve their inappropriate behavior.
 - Dismissal from the program or activity by the full-time program supervisor. If inappropriate behavior persists or the behavior completely disrupts a program, removal from the program or activity may be necessary. Individuals dismissed or suspended from a program will be logged into the registration system in order for staff to monitor the individual's status.
2. If a participant receives a time-out or a suspension, the supervisor of the program should contact the parent/guardian. The supervisor should explain the inappropriate actions that were observed by the staff. Documentation is strongly recommended.
 3. Communication between staff and parent should be on-going regarding any further incidences of inappropriate behavior. Some other options may be discussed with the parent/guardian including:
 - Transfer to another program where inappropriate behavior may be less prone to occur.
 - Limited/reduced timeframe that participant is allowed to attend the program.
 4. Appeals by the participant and/or participant's parent/guardian should be directed to the Superintendent of Recreation or Director of Parks & Recreation.

PROCEDURES FOR PARENT/GUARDIAN/SPECTATOR BEHAVIOR

If a parent/guardian/spectator exhibits inappropriate actions, the following guidelines should be followed:

1. Program leaders, coaches, referees and Board members should determine the severity of the action and immediately take steps to correct it. These may include, but are not limited to:
 - A verbal warning
 - Removal from program area
2. Communication between staff and parent/guardian/spectator should be ongoing regarding any further incidences of inappropriate behavior.

WHEN TO CONTACT THE POLICE

- If participant makes a direct threat of hurting himself, call the parent/guardian immediately. If a parent/guardian is not available, call the police and immediately inform the direct supervisor or management staff.
- If a participant/parent/guardian/spectator becomes overly aggressive and violent, call the police and immediately inform the direct supervisor or management staff.

Sec. 9.2 Lemont Park District Social Media Policy

Lemont Park District social media pages are to present matters of public interest concerning the Lemont Park District's programs, activities, events, news and photos. Lemont Park District social media pages are not monitored 24 hours a day/7 days per week.

Lemont Park District Social Media Rules and Guidelines:

- content that harasses, abuses, threatens, or defamatory statements;
- posts that contain profanity, are offensive or in any way violate the rights of others, including masked words (***), acronyms and abbreviations;
- commercial content; • copyright and trademark infringement;
- content that is fraudulent, repetitive, false or misleading;
- information relating to political campaigns or candidates or ballot measures;
- an invasion of an individual's right to privacy; • content and/or responses to original posts that are not germane to the topic at hand;
- and content that violates any Park District, local, state or federal law and/or the social media platform's rules/guidelines.

If found in violation of the Social Media Policy, the Lemont Park District reserves the right to remove posts, not respond to or engage in posts or activity that is detrimental to the District, ban and/or report followers from our social media pages and/or the Park District.

Sec. 9.3 Service Animals

The Department of Justice published revised final regulations implementing the Americans with Disabilities Act (ADA) for title II (state and local government services) and title III (public accommodations and commercial facilities), in the Federal Register. These requirements, or rules clarify and refine issues that have arisen over the past 20 years and contain new, and updated, requirements, including the 2010 Standards for Accessible Design (2010 Standards).

This publication provides guidance on the term “service animals” and the service animal provisions in the Department of Justice’s regulations.

- Only dogs are recognized as service animals under titles II and III of the ADA.
- A service animal is a dog that is individually trained to do work or perform tasks for a person with a disability.
- Generally, title II and III entities must permit service animals to accompany people with disabilities in all areas where members of the public are allowed to go.

Primary District Contacts

a) Participants and authorized users may request to have a service animal accompany them in parks and facilities where they are authorized users as a reasonable accommodation. Persons with disabilities are invited to contact the District’s ADA Coordinator.

b) Visitors may be accompanied by a service animal when observing programs and activities, or enjoying the District’s parks and Facilities, without making a request for a reasonable modification. Persons with disabilities are invited to contact the ADA Coordinator with any questions about this policy.

Definitions

“Service Animals”

Are defined as dogs or miniature horses that are individually trained to do work or perform tasks for people with disabilities. Examples of such work or tasks include guiding people who are blind, alerting people who are deaf, pulling a wheelchair, altering and protecting a person who is having a seizure, reminding a person with a mental illness to take prescribed medications, calming a person with Post Traumatic Stress Disorder (PTSD) an anxiety attack, or performing other duties. Service animals are working animals, not pets. The work of task of a dog or miniature horse has been trained to provide must be directly related to the person’s disability. Dogs or miniature horses whose sole function is to provide comfort or emotional support do not qualify as a service animal under the ADA.

“Partner/Handler”

A person with a disability who uses a service animal as a reasonable accomplishing the tasks of daily living.

“Team”

A partner/handler and a service animal. The two work as a cohesive team in accomplishing the tasks of daily living.

“Trainee”

A dog or a miniature horse being trained to become a service animal has the same rights as a fully trained service animal when accompanied by a partner/handler and identified as such.

Where Service Animals are Allowed

Under the ADA, and local governments, businesses, and nonprofit organizations that serve the public generally must allow service animals to accompany people with disabilities in all areas of the facility where the public is normally allowed to go.

The District may impose restrictions on service animals as it deems necessary for safety reasons. Restrictions may be considered on a case-by-case basis to determine if the animal poses a danger to others at the District’s sites or could be in danger itself, and to determine if other reasonable accommodations can be provided to assure that the individual enjoys access to the District’s premises, facilities, or programs. Questions about these restrictions on service animals should be directed to the contacts identified in this policy.

Responsibilities of Partner/Handler:

- a) Responding truthfully to the limited and appropriate inquiries that may be made by employees regarding the service animal.
- b) Ensuring that the animal meets any local licensing requirements, including maintenance of required immunizations for that type of animal.
- c) Ensuring that the animal is wearing a license and/or tag at all times.
- d) Ensuring that the animal is in a harness or on a leash or tether at all times. Exceptions may be considered individually.
- e) Ensuring that the animal is under control and behaves properly at all times. The supervision of the animal is solely the responsibility of its partner/handler. If the animal's behavior becomes a hygiene problem, or the animal acts in a threatening manner, the District may require the partner/handler to remove the service animal from the site.
- f) Ensuring that all local ordinances or other laws regarding cleaning up after the animal urinates and/or defecates are strictly adhered to. Individuals with disabilities who physically cannot clean up after their own animals are not required to clean or pick up and dispose of urine and/or feces; however, these individuals should use marked service animal toileting areas where provided.

g) Ensuring that the animal is kept in good health. If the service animal becomes ill, the partner/handler must remove it from the area. If such action does not occur, the District's staff may require it to leave.

District's Remedies if Partner/Handler Does Not Meet Responsibilities:

a) The District may exclude a service animal from all parts of its property if a partner/handler fails to comply with these restrictions, and in failing to do so, fundamentally alters the nature of programs, services, or activity offered by the District.

b) The District may exclude a service animal from all parts of its property if a partner/handler fails to control the behavior of a service animal and it poses a threat to the health or safety of others.

Inquiries, Exclusions, Charges, and Other Specific Rules Related to Service Animals

- When it is not obvious what service an animal provides, only limited inquiries are allowed. Staff may ask two questions:
 - 1) is the dog a service animal required because of a disability
 - 2) what work or task has the dog been trained to perform. Staff cannot ask about the person's disability, required medical documentation, require a special identification card or training documentation for the dog, or ask that the dog demonstrate its ability to perform the work or task.
- Allergies and fear of dogs are not valid reasons for denying or refusing service to people using service animals. When a person who is allergic to dog dander and a person who uses a service animal must spend time in the same room or facility, for example, in a school classroom or at a homeless shelter, they both should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility.
- A person with a disability cannot be asked to remove his service animal from the premises unless:
 - 1) the dog is out of control and the handler does not take effective action to control it or
 - 2) the dog is not housebroken. When there is a legitimate reason to ask that a service animal be removed, staff must offer the person with the disability the opportunity to obtain goods or service without the animal's presence.
- Establishments that sell or prepare food must allow service animals in public areas even if state or local health codes prohibit animals on the premises.
- People with disabilities who use service animals cannot be isolated from other patrons, treated less favorably than other patrons, or charged fees that are not charged to other

patrons without animals. In addition, if a business requires a deposit or fee to be paid by patrons with pets, it must waive the charge for service animals.

Temporary Exclusion of Service Animals

A participant or authorized user, employee, or visitor may report a concern regarding a service animal to the District's ADA Coordinator or other supervisory staff, and the District may take appropriate action as follows:

a) Temporary Exclusion of a Service Animal Used by a Participant or Visitor:

1. In response to an immediate concern, authorized District staff may determine that a service animal must be temporarily removed from parks, sites, or facilities. The employee authorized to make such decisions at that site, park, or facility shall notify the participant or visitor of this decision and that the incident will be reported immediately to the District's ADA Coordinator. The employee shall then report the incident to the ADA Coordinator.
2. The ADA Coordinator (or designee) will investigate all reported concerns and incidents where service animals have been temporarily removed from sites, parks, and facilities. The ADA Coordinator (or designee) will consult with appropriate Department personnel and determine whether or not the animal should be excluded from sites, parks, and facilities for an extended period of time, permanently or for particular services, programs or activities due to the increased risk of harm or injury to the partner/handler, the service animal or other participants. The ADA Coordinator (or designee) will notify the participant, authorized user, or visitor of his or her decision. All decisions will be made on a case-by-case basis given the particular prevailing circumstances.
3. If it is appropriate for the service animal to be excluded from sites, parks, or facilities permanently, the ADA Coordinator (or designee) will work with other Department staff to attempt to provide an alternative reasonable accommodations in place of the service animal, to allow the participant, authorized user, or visitor to use the site, park or facility.
4. A participant, authorized user, or visitor who does not agree with the decision regarding removal from the premises may file an accessibility complaint..

B. Temporary Exclusion of an Employee's Service Animal:

1. In response to an immediate concern, the District may determine that a service animal must be temporarily removed from sites, parks, or facilities. The Director (or designee) shall notify the employee of this decision and that the incident will be reported immediately to the District's ADA Coordinator. The Director (or designee) shall then report the incident to the District's ADA Coordinator.

2. The ADA Coordinator will investigate all reported concerns and cases where service animals have been temporarily removed from sites, parks, and facilities. The ADA Coordinator will consult with appropriate staff and determine whether or not the animal should be excluded for an extended period of time, permanently or for particular services, programs or activities due to the increased risk of harm or injury to the partner/handler, the service animal or other participants. The ADA Coordinator shall notify the employee of his or her decision. All decisions will be made on a case-by-case basis given the particular prevailing circumstances.

3. If it is appropriate for the animal to be excluded from sites, parks, and facilities permanently, the ADA Coordinator will attempt to ensure that the employee receives an appropriate accommodation in place of the use of a service animal.

4. An employee who does not agree with the resolution may file an appeal or formal complaint following the District's ADA Process.

Conflicting Disabilities

Individuals with medical issues (such as respiratory diseases) who are affected by animals should contact the ADA Coordinator if they have a concern about exposure to a service animal. The individual will be asked to provide medical documentation that identifies a disability and the need for an accommodation. The appropriate District staff will facilitate a process to resolve the conflict that considers the needs and conditions of all persons involved.

No Liability to District

a) The District accepts no responsibility for care of service animals.

b) The District accepts no liability for injury to any service animal, or injury to the partner/handler, whether caused by the animal, its partner/handler, another visitor to a District facility or site, the physical conditions of the District facility or site or any other circumstance.

c) The District accepts no liability for damage or injury to others caused by a service animal.

d) The District accepts no liability for any injuries or property damage, to the service animal, its partner/handler, or others resulting from the District's failure to enforce this policy or to supervise a service animal.

Sec. 9.4 Transgender Rights Policy

The Lemont Park District does not discriminate in any way on the basis of sex, sexual orientation, gender identity, or gender expression. This policy is designed to create a safe environment for all patrons. This policy sets forth guidelines to address the needs of transgender and gender non-conforming patrons and clarifies how the law should be implemented in situations where questions may arise about how to protect the legal rights or safety of such employees. This policy does not anticipate every situation that might occur with respect to transgender or gender non-conforming patrons, and the needs of each transgender or gender non-conforming patron must be assessed on a case-by-case basis. In all cases, the goal is to ensure the safety, comfort, and healthy development of transgender or gender non-conforming patrons while maximizing the patron's integration and minimizing stigmatization of the patron.

Definitions

The definitions provided here are not intended to label patrons but rather to assist in understanding this policy and the legal obligations of patrons. Patrons may or may not use these terms to describe themselves.

“Gender Expression”

An individual's characteristics and behaviors (such as appearance, dress, mannerisms, speech patterns, and social interactions) that may be perceived as masculine or feminine.

“Gender Identity”

A person's internal, deeply-felt sense of being male, female, or something other or in-between, regardless of the sex they were assigned at birth. Everyone has a gender identity.

“Gender Non-conforming”

This term describes people who have, or are perceived to have, gender characteristics and/or behaviors that do not conform to traditional or societal expectations. Keep in mind that these expectations can vary across cultures and have changed over time.

“LGBT”

A common abbreviation that refers to the lesbian, gay, bisexual, and transgender community.

“Transgender”

An umbrella term that can be used to describe people whose gender identity and/or expression is different from their sex assigned at birth. - A person whose sex assigned at birth was female but who identifies as male is a transgender man (also known as female-to-male transgender person, or FTM). - A person whose sex assigned at birth was male but who identifies as female is a transgender woman (also known as male-to-female transgender person, or MTF). - Some people described by this definition don't consider themselves transgender – they may use other words,

or may identify simply as a man or woman. A person does not need to identify as transgender in order for an employer's nondiscrimination policies to apply to them.

“Transition”

The process of changing one's gender from the sex assigned at birth to one's gender identity. There are many different ways to transition. For some people, it is a complex process that takes place over a long period of time, while for others it is a one- or two-step process that happens more quickly. Transition may include “coming out” (telling family, friends, and coworkers); changing the name and/or sex on legal documents; and, for many transgender people, accessing medical treatment such as hormones and surgery.

“Sexual Orientation”

A person's physical or emotional attraction to people of the same and/or other gender. Straight, gay, and bisexual are some ways to describe sexual orientation. It is important to note that sexual orientation is distinct from gender identity and expression. Transgender people can be gay, lesbian, bisexual, or straight, just like non-transgender people.

Locker Room/Restroom Usage

- Transgender individuals may use the restroom/locker room they identify with, and the agency should not require them to use the restroom that corresponds to their birth sex.
- The Lemont Park District has available single-use restrooms, unisex restrooms and/or family changing areas, if the individual has not had gender reassignment surgery.
- In the absence of such facilities, transgender individuals (with or without reassignment surgery) may use the facility that corresponds with their gender identity.
 - If other patrons/employees object to such usage, District employees will defer to the rights of the transgender individual over others' personal discomfort.
- Transgender individuals with body parts corresponding to their birth sex are expected to be discreet when using the facility that corresponds to the sex they identify with, so consider the need to make temporary improvements to your locker room/restroom facility, if appropriate, to maximize privacy further.
- Members should grant unrestricted restroom and locker room access/use according to an individual's fulltime gender presentation unless there is objective reason to suspect the person is not being truthful as to gender representation.

Inquiries, Exclusions, Charges, and Other Specific Rules Related to Transgendered Patrons

- If staff have objective reason to believe individuals are lying about their gender identity, they can temporarily deny access to restrooms and locker rooms corresponding to their alleged gender identity, pending proof of their gender identity.

At this time the Manager on Duty or full-time staff will work with the transgendered person to
